## Who are we

Comprehensive Health and Education Forum (CHEFI), International is a non profit Pakistan based organization, registered under the Societies Act, 1860. The organization is also certified by Pakistan Centre for Philanthropy (PCP). Recently, CHEFI has signed a Memorandum of Understanding with the Ministry of Economic Affairs Division (EAD), Government of Pakistan, to implement projects and programs in the field of health, rehabilitation, education, Climate change and livelihood in Pakistan.

Founded by Prof. Dr Mohammad Daud Khan (Ex Vice Chancellor Khyber Medical University) and his colleagues in 2007 with the vision to empower people and improve their lives and therefore, offer inclusive, sustainable and equity-based services in the field of health care, rehabilitation, climate change and education to all including marginalized segments of society especially persons with disabilities. The organization values working with the government, Non- Governmental organizations (NGOs), and civil societies etc.

The philosophy of CHEF International is to campaign and advocate for climate change, marginalized, deprived and under-served segments of society focusing on women, children and persons with disabilities. Therefore, the organization preference is to advocate for inclusive policies, formulate equitable models and mobilize resources to improve their quality of life.

## What we do

Initially, CHEF International focused on eye care services, but, subsequently, it built its capacity to address the challenges of inclusive education, disability, climate change and disaster management. Therefore, a range of inclusive model projects and programs are developed, based on the country priorities and realign with international covenants and the UN Global agenda of United Nations sustainable development goals.

CHEF International is also a member of the International Association of Prevention of Blindness (IAPB). Besides this, CHEFI is performing an active role as a member on the Provincial Eye Health committee. CHEFI is also a member of Provincial Council for Rehabilitation of Disabled Persons (PCRDP) Khyber Pakhtunkhwa. For the provision of quality disability-related services, CHEF International is registered with the International Support of Prosthetics and Orthotics (ISPO) and a member of the WHO forum of hearing and deafness.

Since its inception, the management of the organization has proven its capacity and implemented services during different disasters situations, established hospitals and promoted inclusive education in remote terrains. To date, the organization has touched the life of 2.2 million inhabitants. CHEF International is committed to facilitating the underprivileged segment of society through dynamic collaboration and strong partnerships with all the relevant local and international stakeholders under the law of the Islamic Republic of Pakistan.

## Vision

“Empowering people and improving their lives”

## Mission

To facilitate access to quality, affordable and sustainable comprehensive health and education for all including rehabilitation of persons with disabilities for an inclusive society through collaboration and partnerships.

## Values

1. Equity and justice with passion to serve marginalized communities
2. Competence and commitment to lead with courage, confidence, compassion and integrity
3. Strong team spirit with interpersonal relationships based on equality, dignity and mutual respect
4. Courage to initiate, innovate and ensure continuous progress through devolution, responsibility and accountability
5. Honest and respectful communication at all levels

## Chairman Message

---

I am delighted to share the remarkable progress and accomplishments of our organization throughout the past year. Our unwavering commitment to growth and the provision of high-quality services to marginalized areas has yielded significant success, a testament to the dedicated efforts of our board, resilient management, diligent project teams, and the steadfast support of our committed donors and partners.

While celebrating these achievements, we must also recognize the challenges posed by global and national circumstances. The evolving landscape necessitates our anticipation of future demands. As an organization, we acknowledge the imperative to focus on sustainable projects and programs that effectively address the urgent needs of local communities, extending our reach not only to Pakistan but also addressing the needs of Afghanistan.

In pursuit of this objective, we are actively working towards establishing Human Resources Centers and expanding comprehensive, inclusive service delivery. These initiatives embody a people-centric approach, emphasizing prevention, promotion, curative, and rehabilitative measures. Our dedication to equity and justice will be the guiding force in every step of this transformative journey.

I extend my heartfelt gratitude to every member of our organization, our donors, and our partners, who have played a pivotal role in our success. Your continued support is invaluable as we navigate challenges and strive to create a lasting impact.

**Prof. Dr. Muhammad Daud Khan**  
Chairman CHEF International  
Ex Vice Chancellor  
Khyber Medical University

Looking towards the future, my sincere wishes and prayers extend to a more prosperous and stable global community, with a special emphasis on the well-being of our beloved Pakistan. Thank you for being an integral part of our journey.

**“Pakistan Zindabad”**

## CEO's Message

---

“ I am delighted to present to you the Annual Report for the year 2023, highlighting the significant accomplishments and milestones achieved by our organization. In the pursuit of our mission, we are proud to announce that we have successfully attained 85% of our set targets, a testament to the collective dedication and hard work of everyone involved.

This noteworthy achievement is made possible through the visionary leadership of our esteemed Chairman and the unwavering commitment of the Board of Directors. Additionally, it is essential to acknowledge the invaluable contributions of our field staff stationed in various centers and institutes, whose relentless efforts have played a pivotal role in our success.

A major highlight of the year was the initiation of the construction of the Gujrat Hospital, a project that holds immense promise for the community it aims to serve. Furthermore, we celebrated the inauguration of the Pakistan Institute of Rehabilitation Sciences in Charsadda. This milestone marks a significant step forward in our mission to provide trained and skilled workforce dedicated to serving the deprived segments of society with dignity and honor. The institute, the second under the CHEFI umbrella, is poised to make a lasting impact on the lives of those in need.

In the year 2023, our organization continued its commitment to making a positive impact by distributing 1500 wheelchairs to deserving individuals. This effort extends our services to the province of Sindh, furthering our reach and ensuring that those with mobility challenges are provided with the necessary support.

**Sohail Ayaz Khan**  
Chief Executive Officer  
CHEF International

A heartfelt expression of gratitude goes out to all our donors and partners who have generously supported our initiatives. Your contributions have been instrumental in enabling us to provide quality eye care, mental health support, ear care, physical rehabilitation, and disaster-related interventions, including maternal and child health.

As we reflect on the accomplishments of the past year, we are inspired to continue our mission with renewed vigor. The challenges ahead may be formidable, but with the continued support of our dedicated team, partners, and well-wishers, we are confident that we will overcome them and make an even greater impact in the years to come.

Thank you for your unwavering support

# Board of Directors

CHEF International is governed by the Board of Directors, which comprises a panel of experts and professionals. The BoD takes active part in reviewing, monitoring and evaluating the progress of the organization. It also gives strategic direction to the organization and reviews its progress regularly. It is fully committed towards the organizational goals. Following is the formation of the CHEF's BoD;

**Prof. Dr. Muhammad Daud Khan**  
Ex Vice Chancellor  
Khyber Medical University  
**Chairman**

**Prof. Dr. Mohammad Aman Khan**  
Principal  
Peshawar Medical College

# Projects & Programs Details

- Pakistan Institute of Rehabilitation Sciences (PIRS) was established in 2012 to overcome the challenges related to cross-disabilities (physical, mental, hearing and ear and eye). The main objective of PIRS is to teach and train the human resource to be inducted into the health care system of Pakistan and Afghanistan to facilitate the rehabilitation service for persons with disabilities.
- The establishment of the institute was an effort to build a strong and inclusive society, which supports its less privileged population including persons with disabilities and rehabilitates them into productive, dignified and confident members of the society.
- The institute offers certificate, diploma and degree courses in the fields of vision, audiology, and physical rehabilitation. The degree courses are duly registered with the Higher Education Commission (HEC) of Pakistan. A total of 345 students have been graduated from the institute in different disciplines and many of them are serving both private and public sectors in Pakistan.

Chaudhry Sajjad Haider Memorial Hospital & Training Centre is a project of CHEF International. The proposed 50 bed hospital will be constructed on 1 acre of land donated by a local philanthropist and former Federal Secretary Mr. Ahmed Jawad. The hospital was formally inaugurated on July 8, 2019 by Chaudhry Shujaat Hussain (Ex-Prime Minister) and Chaudhry Pervez Elahi (Speaker Punjab Assembly).

The civil work for construction of hospital building has been initiated. CHEF International aims to develop a state of the art eye hospital in Gujrat that will not only provide quality eye care services but will become an accredited institute of repute and credibility where training in the fields of vision sciences will be provided to eye health professionals.

# CHEF-I's interventions For Afghan Refugees

# CHEF-I's Interventions

for Afghan Refugees:

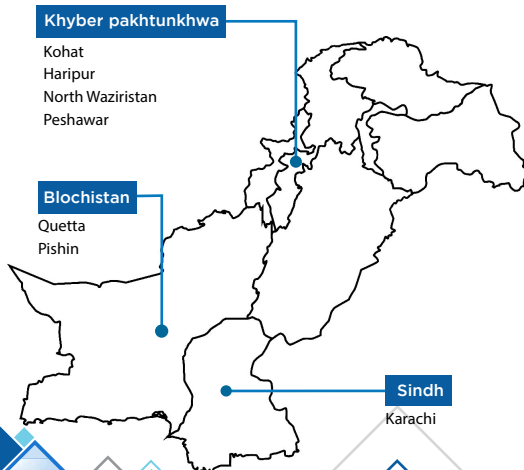

## Objective

Since 2009, CHEF International (CHEF-I) has been dedicated to serving the Afghan population in refugee camps, host communities, and Afghanistan itself. Registered as a non-profit organization in Afghanistan, CHEF-I focuses on providing comprehensive health-care, eye care, maternal care, rehabilitation, and distributing food and non-food items. The organization actively engages in human resource development programs for young Afghan students. Notably, CHEF-I initiated medical camps in Jalozai in 2009, benefiting approximately 2000 patients. In 2010, hospitals were established in Afghan host communities, offering affordable and free services to refugees.

In 2023, CHEF-I partnered with WHO provided technical support in improving access to clean water, sanitation & hygiene services, incinerators, water filtration plants, and revamping of existing infrastructures of district hospitals across Pakistan which service Afghan refugee and host communities. CHEF-I PIRS team played a pivotal role in facilitating the return of Afghan refugees, supported by local partners, and provided food items, non-food items and medical camps.

During 2023-24 CHEF-I in collaboration with IOM is organizing medical camps in the Afghan Camps in Karachi as well as providing psychosocial support to the vulnerable segment of population.

CHEF-I partnered with UNOCHA, UNFPA, WHO and IOM-Pakistan for undertaking above initiatives.

	<b>Provision of</b> Medical Equipment	<b>20</b> BHUs
	<b>Infrastructure</b> Restoration	<b>15</b> BHUs

# Earthquake

(Disaster Risk Reduction)

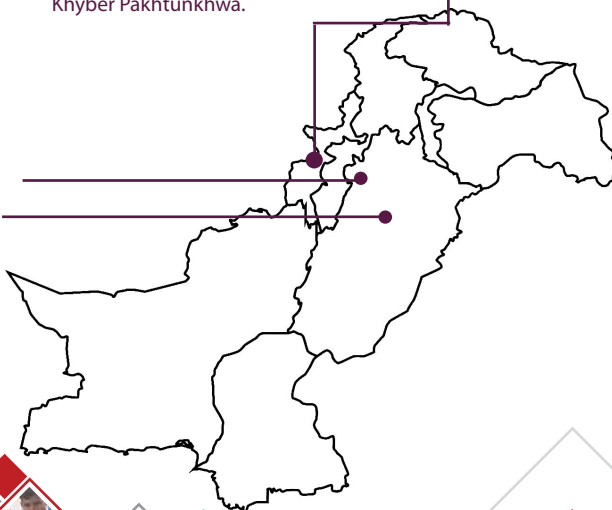

## Objective

Pakistan is prone to natural hazards such as drought, floods, heat waves, extreme cold, and earthquakes as well as other disaster situations. According to the Climate Risk Index 2021, Pakistan ranks eighth for countries most affected by extreme weather events between 2000 and 2019. Pakistan has experienced a series of hazards in recent years. Therefore in 2007, CHEFi has established Disaster and emergency response unit within the organization to provide necessary and timely response in different disaster situation and since then, is providing relief and rehabilitation services to disaster affected communities.

### Khyber pakhtunkhwa

Families

# Financial Implimentation

2007 - 2022

A dedicated and professional Fund-raising team of CHEF international seeks and gathers voluntary financial contributions by engaging individuals, philanthropist, businesses, charitable foundations, and governmental agencies. The fund raising team develop yearly plan duly approved by the board and accordingly raise funds for the provision of quality and equitable health, education and disability services to the deserving segment of the society.

Any sort of charity received by the organization is duly acknowledged through a process and properly reflected into the financial system of the organization. Therefore due to transparent and good governance, the department performance is improving every year. In the last 12 years, CHEF-I has almost generated PKR 400 Million through fund raising activities. Besides this, many reputable families also donated their prime properties to the organization to achieve the noble vision.

In 2010, a noble Durrani family of district Charsadda donated their house to CHEF-I for the establishment of district level hospital to provide comprehensive health and rehabilitation (cross disability) services to the deserving people of the region. They donated 1.75 acre land to CHEF-I, worth of PKR 130 million

Similarly, in 2018 a local philanthropist of district Gujrat Mr. Ahmad Jawad donated 01-acre land worth 80 million for the establishment of hospital and training center in Gujrat. Mr. Ahmad Jawad is also closely involved in raising funds for the construction of Gujrat hospital

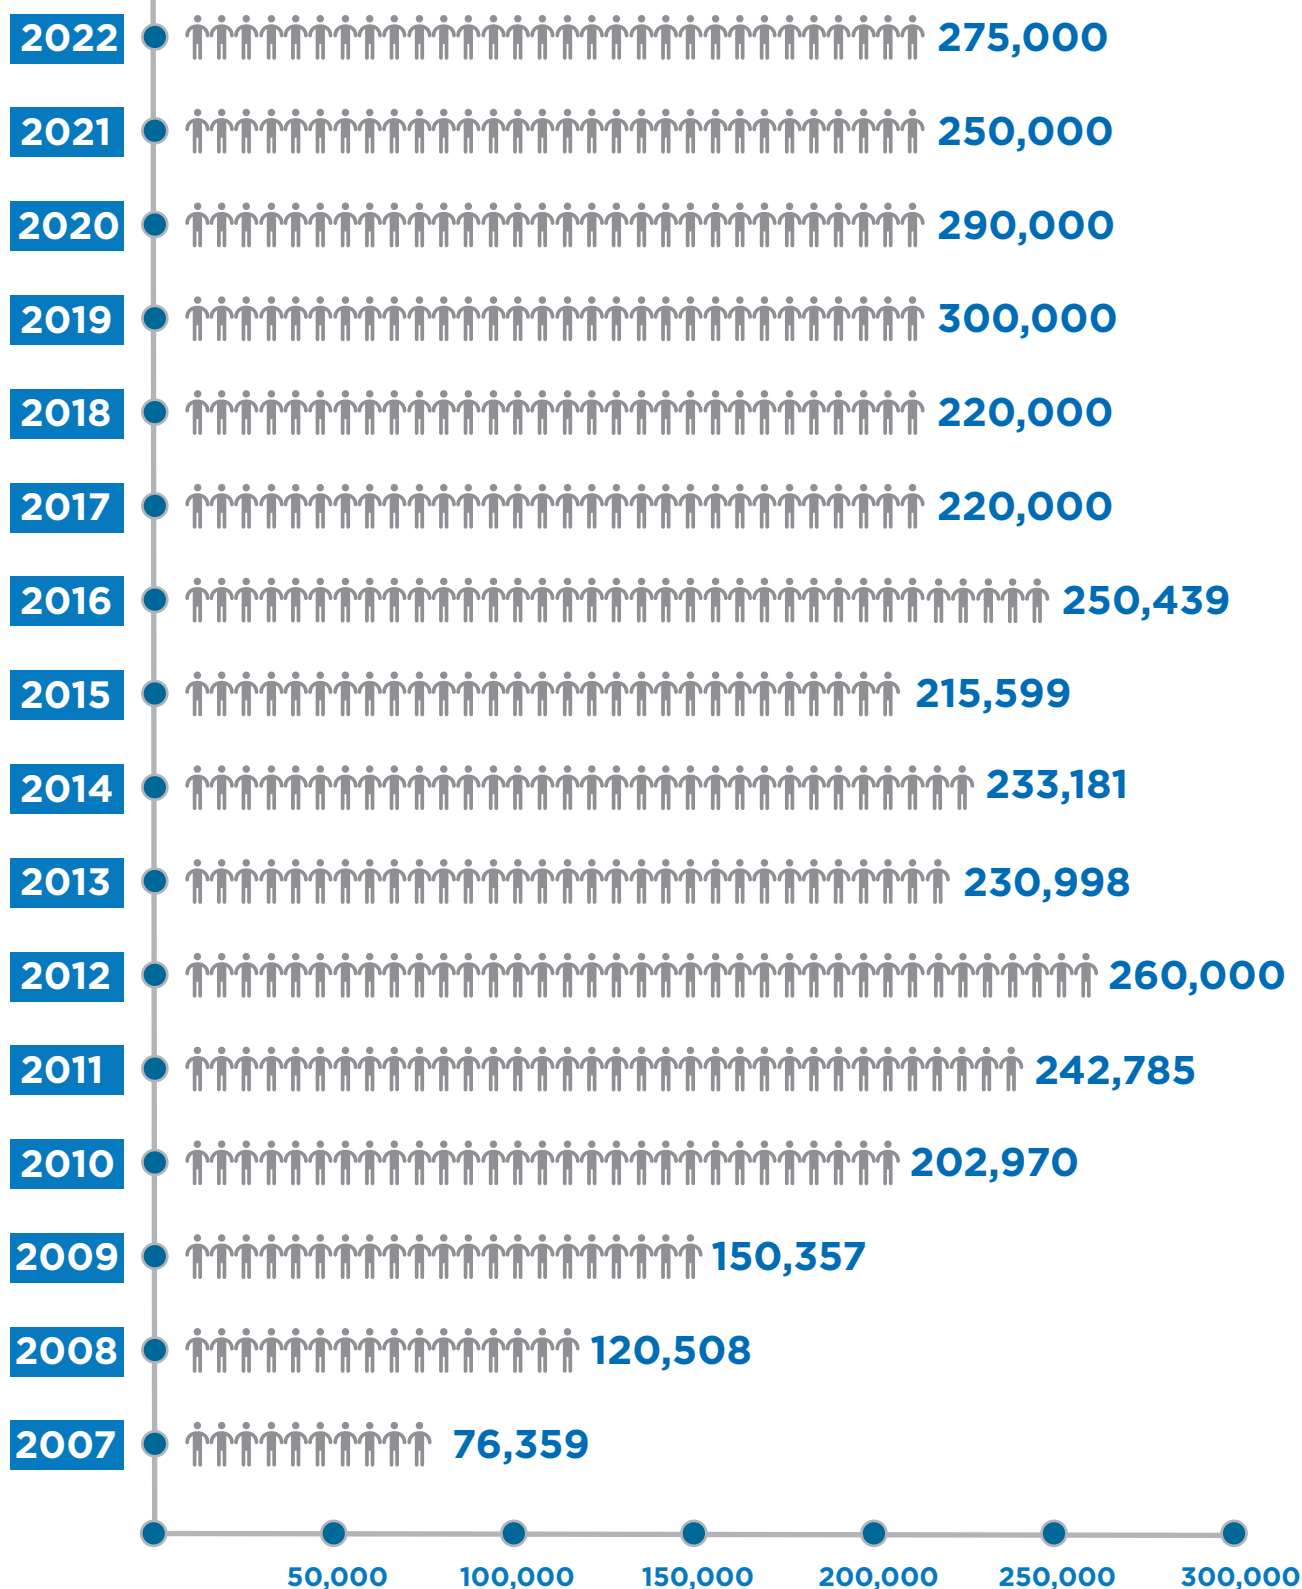

In 2019 Senator Professor Dr. Mehar Taj Roghani donated 0.5 acre of land worth 10.8 million for the construction of hospital in district Mardan.

CHEF-I acknowledges and recognizes the support and contribution of all donors, partners and stakeholders for their funding during the years.
